

Philip and Sue Bishop's Acorn Cottage

Delaware Bibliophiles member and frequent *Endpapers* contributor Philip Bishop and his wife Susann appeared in print in the February-May 2015 issue of *American Bungalow* magazine. Their article "Acorn Cottage and Oak Acre Gardens" presents their beautiful home and gardens in both text and stunning pictures. Of course there is a peek of their library and books. Phil has provided a link to an on-line pdf copy of the article <http://thomasbirdmosher.net/files/acorn-cottage.pdf>
